R-S MATCO LLC

Your single source solution.

Number one source for boiler and heat exchanger tubing

WE KNOW HOW

R-S Matco specializes in maintaining an extensive tube inventory of standard, as well as hard to find grades and sizes. Understanding that emergencies can happen at any time, R-S Matco maintains a 24-hour emergency hot line to meet after hour tube requirements.

In addition to stock sales, R-S Matco is a recognized distributor of major domestic and international tube mills.

We can supply all your tube needs for material needed immediately or a mill run for a planned outage in the future.

Whether your tubes come straight from our warehouse, or shipped directly from the mills, you can be confident that R-S Matco will maintain only the highest level of quality. Customer satisfaction is our most important goal.

FABRICATION CAPABILITIES

R-S Matco works with most domestic fabricators on projects of all sizes and are not limited to the following:

- Hot and cold rotary bends
- Offset bending
- Flat panels
- Panel gang bends
- Tube to membrane weld
- Swaging
- Spiral finning (serrated and solid)
- Weld overlay
- Wheelabrator Roto-blasting

COMPANY MISSION

The mission of R-S Matco is to provide our customers with competitive pricing, superior customer service, outstanding product knowledge, and one of the largest and most diverse inventories!
