After four decades of providing valves and valve automation to many of the largest global players in the markets, Lockwood Partners has expanded to include pipe, fittings and flanges (PFF) to be your trusted one-stop source for all your PVF needs.

In 2023, a new era begins with joining **BUHLMANN** Group. Our service regarding pipe, valves, fittings and flanges as well as project management is now supported by a multinational company with over 75 years of experience. Our customers profit from the international synergies and the full know how of **BUHLMANN** Group's worldwide presence.

Our service and dedication to our customers is as strong as ever! We have always prided ourselves on getting the job done right without sacrificing service. We will continue to provide pipe, valves, fittings and flanges, project management and maintain a strong presence at our location in Pasadena, Texas.
